# 'THE BACK OF BEYOND' (Callosa)

Two walks (each there and back) with a common start, so could easily be combined to make one longer, harder walk of 11km, 450m. asc. taking 4hrs. Individually:

Almedia - an easy, 'back door' approach to a difficult mountain on good paths. 8km, 350m. asc, 3hrs. ^^^

El Collado - easy to follow paths through woodland to a remote and lovely viewpoint. 7km, 250m asc, 2 1/2hrs. ^^

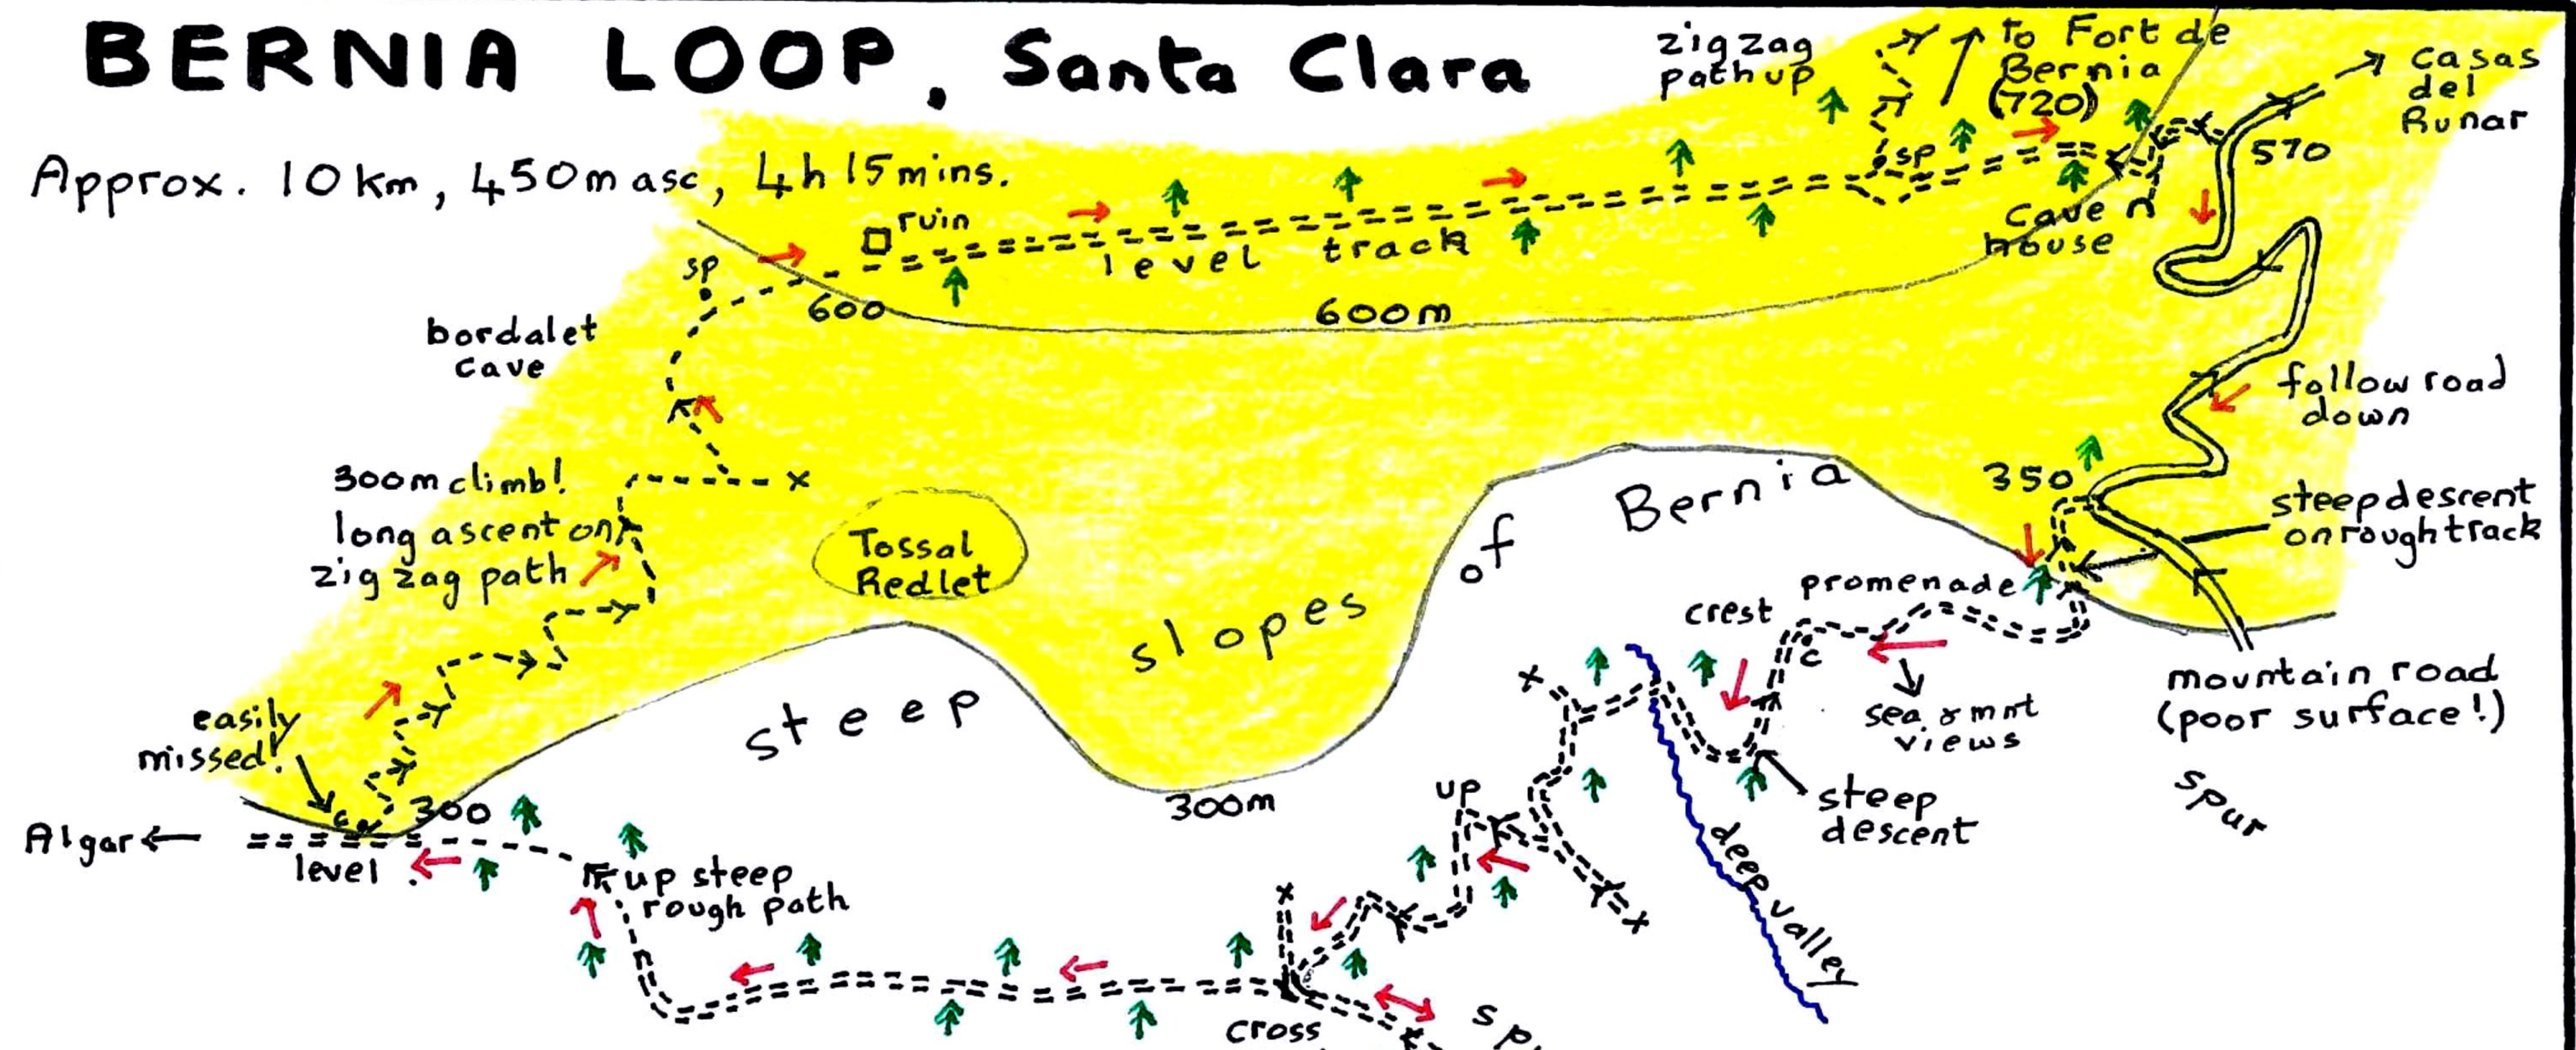

N.B. compass direction varies.

# BERNIA LOOP, Santa Clara

Approx. 10 km, 450m asc, 4h 15mins.

This new route gives wonderful views of the coast and the Aitana Range - Puig, Ponoigh, Sanchet etc. Most of it uses good paths and forestry tracks, but note the height gain which makes it a hard moderate grade.

Those walkers who are lucky enough to still be fit can detour to the Bernia Fort (add about 2km, 100m, one hour.)
