The cave is reputed to be the hideaway of a robber king who pounced on unwary travellers in the valley below, so watch out!

An alternative start is from the car park near the correo (post office) just off the main street of Gata. The turning at the traffic lights, opposite C.Calvari, leads to the ermita. (2015)
FUENTE MATA - Gata

approx. 9 km, 250m ascent, 3½ hrs. moderate, clockwise.

This is a popular route, nowhere difficult, through varied terrain, without any steep ups or downs. Fuente Mata is interesting and makes a perfect picnic place. Follow rw or wy waymarks. The gorge offers rock scenery, but is very rough underfoot. (alternative)
