UNDERNEATH THE OLTAS - Calpe

approx. 8 km, 300 m ascent, 3 hrs. moderate circuit.

This clockwise circuit of the South Face of the Oltas starts low down by the N332 and gains height to join the popular Oltas Circuit which is followed for a while. After a short detour to the ermita for lunch return is down the steep zigzag path to the start.

**Calpe Station Circuit**

(Not the Olta Circuit!)

- Approx. 8 km, 200m ascent.
- 3 hrs. clockwise circuit.

This is a new, varied route between Calpe and the Oltas, following woodland trails, tracks, backlanes and a barranco. Take care crossing N332, or use the tunnels.

OLTA CIRCUIT (CLASSIC) - Calpe

approx. 10km, 300m ascent, 3½hrs. Anticlockwise best.

alternative start
Starting from the station add about an hour for the loom climb to the circuit

This is a very popular circuit from the station or campsite above Calpe. Best done anticlockwise for it is easier to scramble up the old terrace walls (bancales). The rest of the well sign posted route is on broad, well graded forestry tracks. Views of coast and Bernia are excellent. (2015)
COL DE FAIXUC - Calpe
(The Two Hemispheres Walk)

Spain geographically should be in the same timezone as England, but General Franco altered it to correspond with Germany.

approx. 8km return, 400m ascent, 3½ hrs.
Shorter if you park nearer! (by 110m)
(at Pz)

SMUGGLERS COVE - Moraira

about 9 km, 300 m ascent, 1 hr return (same way). A hard walk! Scrambles, steep ascent/descent and cliff drops challenge walkers!

The reward is a visit to an isolated rocky Calo Llebeig, the smugglers cove - followed by an exciting mid-cliff traverse.

The usual route is there and back, but it is possible to return through the urbanacion, if you can find your way through the streets of houses!

Drive from Calpe to Moraira. At the 3rd roundabout take the first exit for El Portet. Turn L. at the sign for El Manet. After 2 km park by a mapboard and signs, which are easily missed!
